

11. April 1999

Dear Edouard.

After my return from Europe I was not feeling well, so I am somewhat behind my work.

And top of all of this, Martin and I were involved in a rather bad car crash, but came out of it with minor injuries. The driver was not as lucky. -

I am enclosing the invitation for the West coast surrealists show. The catalogue is not ready yet.

At the moment I am completing a dry point for Breton's poem which will be published by Mr. Mikus, and finally I got some time to prepare the color prints for G. Petitclerc. - We hope that Simone is feeling better after her operation. -

All the best to both of you

yours Ladislav
