Dear Mr. Jaguer:

We meant to write to you earlier but Ladislav fell ill.

Lately Ladislav has been unable to work due to his serious health condition. He really wanted to prepare the next issue of Scarabeus and send the color prints to Mr. Petitclerc but the present circumstances did not allow him to do so. We're hopeful that his condition will improve so he will be able to carry on.

With my and Ladislav's best regards to you and Mme. Simone.

Yours
Martin Guéhen
