Dear Edevard,

A few more items -

I am still try to get catalogues  
from the ACARIS gallery - more  
difficult now they have collapsed!

Two books on collage coming  
out this year - and a PHAIDON  
book on Surrealism\* - so things  
are still not completely dead. There  
is just a chance my Dali book will  
also make its appearance.

Michel Rémy is coming over  
on the 20th of this month. He has,  
I hope written you.

I had hoped to see you when  
Radovan's exposition was on. but have  
a large show coming up and it was  
necessary to work.

my very best wishes to you all.

Conroy

\*I have works in all three books.
