Dear Edouard,

A long time since I wrote to you. So many attempts to see you in Paris, but have'nt yet made it.

Thank you for the copies of PHASES they will make an excellent addition to my library. I am sending, with Michel, a copy of ARSON and a little, but rare, copy of MESSAGE FROM NOWHERE, which Mesens edited in the 1940's.

I very much like your idea of GRIFFON linking such publications with gallery exhibitions. It establishes a valuable continuity.

Please thank Simon for her catalogue. I hear that the exposition was a success.

I am sure that we shall make Paris sometime this year.

Sincere wishes to you both, Pauline wishes
you well.
