Dear Edouard,

Thank you for your letter. I am sorry to hear that you were in hospital. I hope that after the operation you will be feeling great deal better and I wish you a soon recovery. Take care of yourself.

I have already sent to Mr. Noil Arnaud my phone number and have informed our friends about his visit in Vancouver.

I have also asked the secretary of the National Gallery to send you more catalogues from my exhibition...

and I mailed today (addressed to Actual) to you and José a magazine called "Tremery" (U.S.A.) in which you will find your articles published in the catalogue of my exhibition.

In your letter you have mentioned the slanderous campaign of Jimmy Gladstone. I don't think he is worth our time and attention.

In a last few months I have had  
some health problems as well and  
even do I was able to paint and exhibit  
I still could not fulfill all my  
commitments. As soon as things get  
back to normal I will return to  
Scarabeus in Summer.

My best wishes to you and Simone  
Yours Ladislav

P.S.

I was informed about your notice  
in reference to my exhibition in CSR  
in the bulletin Signe. Is there a  
way I can get these bulletins?

In any case I include:
