Dear Edouard,

A great pleasure to receive your high-spirited message of the 11th! We are readying everything with all the necessary alacrity, & will have it all on the way to you as soon as you send us the address of ELAC; I think you meant to include this in your letter, but it is not there!

I have just received, from our good comrade Hilary Booth in Australia, two beautiful recent drawings with chalk. It is perhaps too late to represent our Australian surrealist friends in the Lyon exhibition -- that is, represent them "in the grand style" -- considering how long it takes even for Air Mail to get back & forth from the Land of the Platypus.... But might it not be possible for them to be represented at least in the "vitrine"??? If you are agreeable to this, let me know at once & I shall write to them immediately and urge them to send a packet of drawings, watercolors, & publications to you PAR AVION!

Meanwhile, everything is proceeding here "full speed ahead" on all fronts!

I am eagerly awaiting more of your answers to more of my questions!

Surrealist salutations!

*Franklin Rosemont*
