Dear Edouard.

I hope you have already received the copies of Scarabeus. (Mailed around 15th of December.)

I apologise for the delay of the painting for the Le Havre show - but there were a few exhibitions on which I took part & did not want to miss them.

At present time we are preparing the new issues of Melmoth and Scarabeus and I will mail them together with the painting on 20th of February.

All the best to you and Anne
yours Ladislav

P.S. I'll be most grateful to you if you could send the xerox copy from René Paterson's article.
