United Front Stops Nazi Talk

CHICAGO, July 11—Chicago Nazi Party leader Frank Collin suffered a defeat yesterday at the hands of the left. Collin was scheduled to speak at a North Side meeting of the "College of Complexes," a kind of glorified coffee-house.

The Chicago Surrealist Group decided to make it clear that racists like Collin have no right to peddle their filth. The Surrealists contacted several left groups to join them in preventing Collin from speaking. Only the RSL sent a delegation to join the Surrealists.

The Nazis apparently got wind of what awaited them, and backed out. A sign at the meeting site announced that Collin wasn't coming.

On the phone, a Nazi spokesman

tried to cover up Collin's cowardice: "We don't think it's a big enough place for a brawl," blustered the spokesman.

The Nazis are vile racists. But they are also cowardly bullies. They are afraid of any fight where they aren't sure of trampling their enemies. They build their reputation on cheap victories. A threat of a serious fight backs them down.

The July 10 victory points the right direction. Racist thugs and bullies are not stopped by arguments. They are stopped when their intended victims fight back and defeat them. The left, Blacks, and labor must organize to smash the Nazi Party, the Klan and other racist scum wherever they appear. □
