Dear Edouard Jaguer,

Well, I agree that I have predicted rather a couple of times that just now I was going to Paris. 7 times you write - it consoles me a bit, as it shows that you have received some of my letters.....

Having very little time leaving for Copenhagen in a few hours I just send you a few ~~words~~ words. I am coming this time and I would very much appreciate to meet you and your Simone again.

Anyway, on thursday -25/9- I will be in Paris. I will phone you then and hope that you are at home so I (and Wenche - my French tongue) perhaps) might visit you Friday or Saturday evening.

I will bring my own 5 catalogues from the exhibition with me.

Looking very much forward to seeing you

Your friend
Birger

Having a lot to speak with you
about I will wait until
meeting you the time
now being scarce
