Dear Mr. Jaguer,

SURREALISM UNLIMITED 1968-78

I am writing to confirm our telephone conversation last week, and in response to your letter of 6th December.

As agreed, we shall include in our Catalogue the complete list of works supplied by you and will hang as many as space allows. Hopefully this will be all the works.

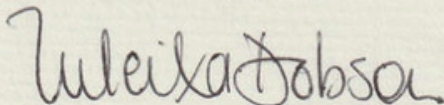

Regarding photographs in the Catalogue, this is a decision which must be left to us in collaboration with our designer.

I confirm that Conroy has arranged to come to Paris and collect the works on the weekend of 7/8 January. I shall leave him to arrange the details with you personally.

I should be grateful if you would now prepare all the necessary Customs declarations and documents with insurance prices. It is essential that the documents state clearly that the works are for exhibition purposes only and are on the correct 'exhibition only' form. They must not include selling prices or we will not be able to bring the works out of France.

I trust that this covers everything.

Yours sincerely,

Zuleika Dobson
