Dear Edouard,

Here is the list of the works we shall be sending to Lyon....

Alas! it proved impossible to send something by Tristan Meinecke.... But at least the surrealists in the U.S. are represented, even if only a very few of us!

Note that the photographs of Green's sculpture and my drawings are already "half-toned," which should facilitate matters for reproduction in the catalogue.

Green would be pleased, I am sure, if you would also exhibit his little "Deputy of Revenge" in the Lyon exhibition.

Tomorrow I shall send you, par avion, some "biographical" details on all of us, which you may utilize as you wish for the catalogue.

Hoping you will be able to find a few odd moments, here & there, in which to slowly but surely answer more of my many questions,

& hoping that everything is proceeding well over there,

with surrealist greetings,

Franklin
