Throughout June the Martin Luther King Jr. Movement attempted to hold the march. Each time, they were halted by police, who repeatedly ar-

## United Front Stops Nazi Talk

CHICAGO, July 11—Chicago Nazi Party leader Frank Collin suffered a defeat yesterday at the hands of the left. Collin was scheduled to speak at a North Side meeting of the "College of Complexes," a kind of glorified coffee-house.

The Chicago Surrealist Group decided to make it clear that racists like Collin have no right to peddle their filth. The Surrealists contacted several left groups to join them in preventing Collin from speaking. Only the RSL sent a delegation to join the Surrealists.

The Nazis apparently got wind of what awaited them, and backed out. A sign at the meeting site announced that Collin wasn't coming.

On the phone, a Nazi spokesman

tried to cover up Collin's cowardice: "We don't think it's a big enough place for a brawl," blustered the spokesman.

The Nazis are vile racists. But they are also cowardly bullies. They are afraid of any fight where they aren't sure of trampling their enemies. They build their reputation on cheap victories. A threat of a serious fight backs them down.

The July 10 victory points the right direction. Racist thugs and bullies are not stopped by arguments. They are stopped when their intended victims fight back and defeat them. The left, Blacks, and labor must organize to smash the Nazi Party, the Klan and other racist scum wherever they appear.□

Following the march, several editorials in the major newspapers forwarded the view that the march and the racists were both to blame." According to the *Daily News*, the march was blamed not only for the violence, but also for the black-white passions that resulted!

On the other hand, Black papers such as the *Defender* have now called for marches for the first time.

A march in the Black community was held on August 14 in support for a second march in Marquette Park, which was held on August 21.

Plans were also made for a committee of trade unions to support the struggle. This committee was formed from the United Auto Workers, the United Steelworkers, the Teachers Union, the Association of State, County and City Employees, the Boilermakers and the Seafarers International Union. They are already active in the committee.

At a meeting to plan the next steps, a spokesman for the Revolutionary Socialist League pointed out that reliance on the police would only lead to more traps. "If you have 4,000 racists," he said, "and 4,000 cops, there are 6,000 racists."

Mass mobilization of the Black community, support of the powerful trade union movement, and self-defense are the keys to defeating the racists.□
