WAKE UP AND DREAM

FESTALUDICON, 1991

Chicago, September 2, 1994

Dear Edouard,

Greetings from Chicago! My partner, Rita, and I have left Australia and are en route to Europe; where, exactly, we do not know, for sure. While visiting at the Rosemonts, Franklin showed me a catalog from "PHASES de la planisphere". Strange things are in the air, and in the space of outer.

It is not out of the realm of possibility that we may meet you in Paris.

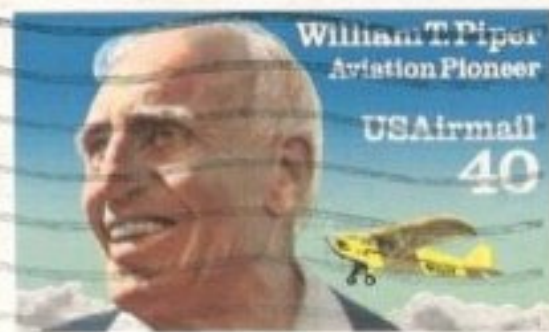

Greetings from the nomads of Arson,

Michael Vandelaar
